- Victoria has the oldest and most intact Chinatown in Canada.
- Folkfest is the largest multicultural arts festival in Western Canada.
- Victoria City Hall was built in 1878 and is now a national historic site.
- Over 700 street banners designed by local artists line City streets each year
- The City has four twin cities in China, Japan, Russia and New Zealand.
- The Victoria Fringe Theatre Festival is one of the oldest in Canada.
- Victoria has the largest number of artists on a per capita basis in all of Canada.
-

Despite its relatively small size of 74,125, the City has a thriving cultural community, notable for its mix of professional and community artists. These are only a few of the many reasons why the City of Victoria is such a great place to live and visit.

The Cultural Capitals of Canada program celebrates and promotes arts and culture through recognition of excellence and support for special activities that highlight arts and culture, by providing awards to municipalities with matching contributions towards specific activities. These awards also recognize past achievements of municipalities which demonstrate an ongoing commitment to arts and culture.
