

The MAGNOLIA

HOTEL & SPA

Spa Magnolia Well being Touches

The power of touch is the cornerstone of the Aveda spa philosophy. Our professionally trained therapists are unique in the industry for their pursuit of a higher art, helping clients not only look beautiful, but feel beautiful. From beginning to end you will be guided through your treatment with genuine care, each service tailored to your specific needs. Embracing Aveda's Elemental Nature philosophy, Spa Magnolia recognizes a "one size fits all" treatment protocol does not fulfill individual requirements. We allow your senses to intuitively choose the aroma that best suits you, which results in the mind and body becoming closely interconnected. It is Spa Magnolia's goal to define the difference between a service and a memorable experience - one that will have you coming back again and again.

As a full service spa, we offer treatments that range from manicures & pedicures to full day packages with spa cuisine, including hot stone massages, facials, and many other options. All body treatments utilize our European hydrotherapy tub, with 144 jets that massage your body while soothing stiff muscles and providing complete relaxation. There are several massages from which to choose, including the new Jet Lag Reprieve or therapeutic deep tissue.

Spa Magnolia has just opened in an elegant new space at street level with high ceilings, a soft colour palette and sophisticated décor that carries you into an oasis of calm. The relaxation lounge is available to enjoy before and after treatments, as is a leisurely shower in our well-appointed change rooms. Visit the new Spa Magnolia - where relaxation is taken to a whole new level!
